# COMPUTERIZED HOTFIX STONE MOTIF MAKING MACHINE

SALLI CO., LTD.

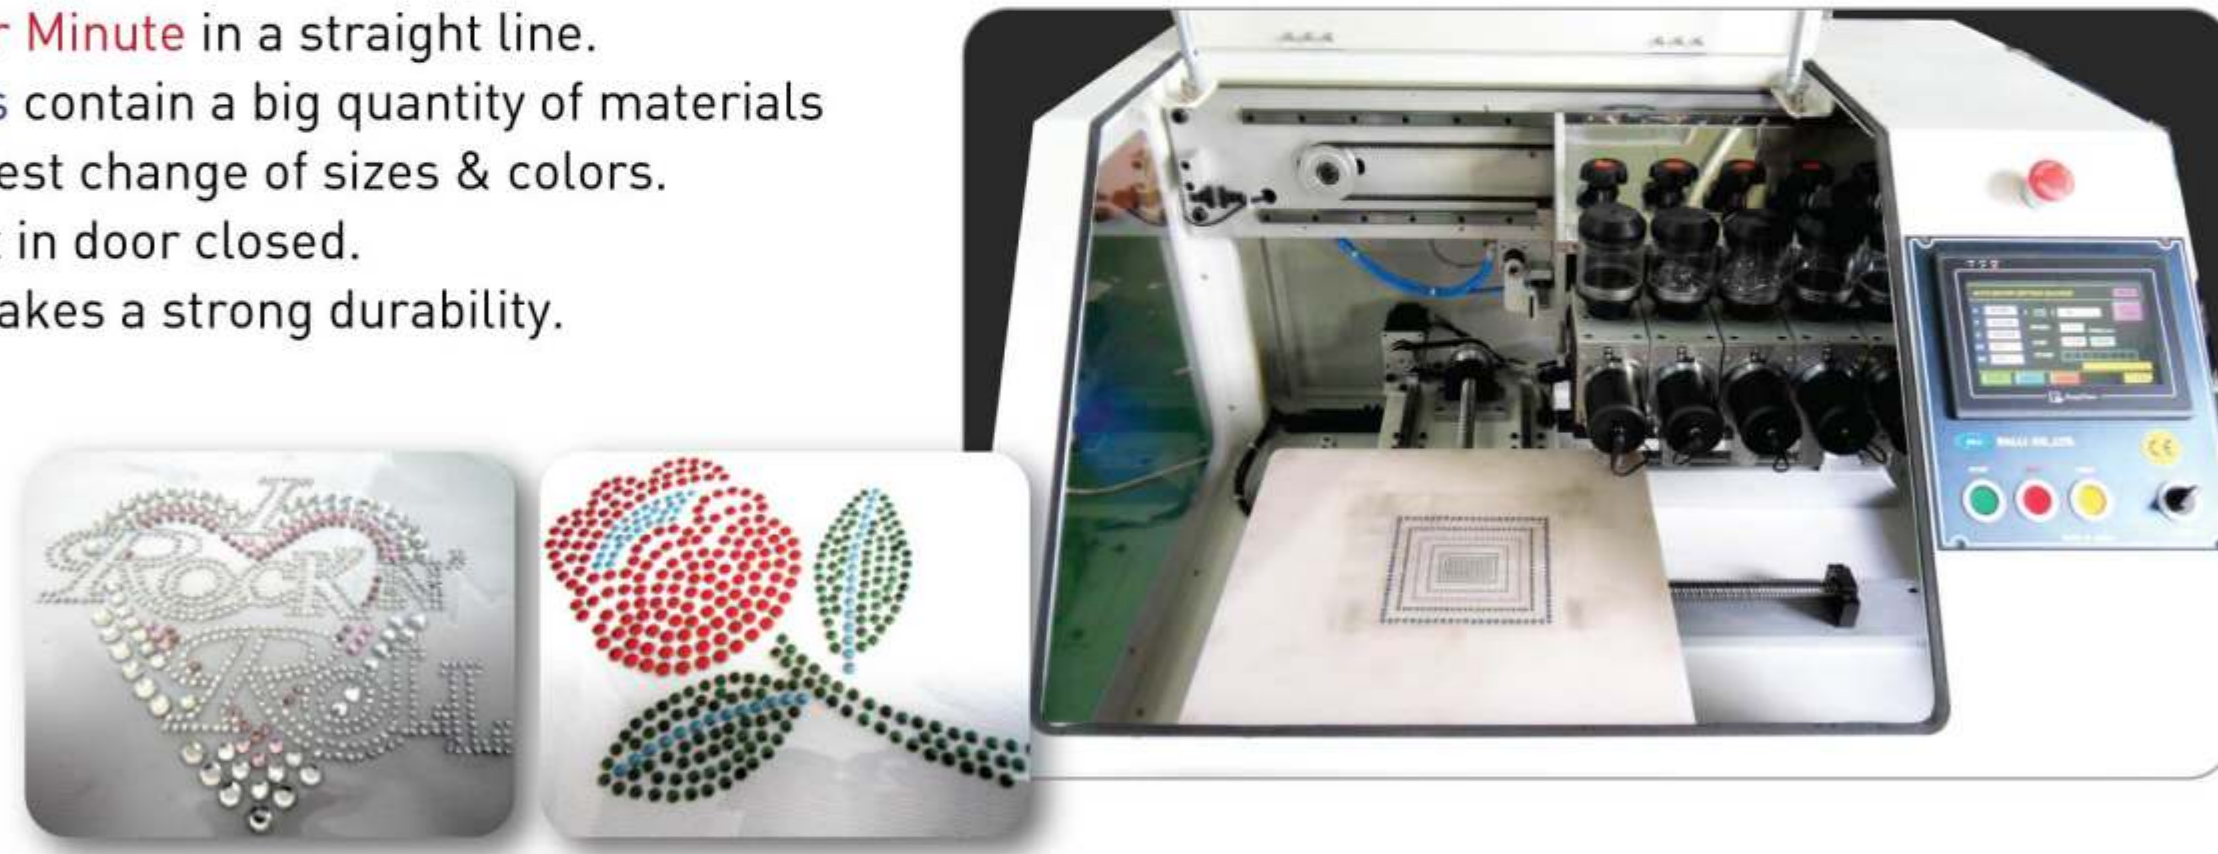

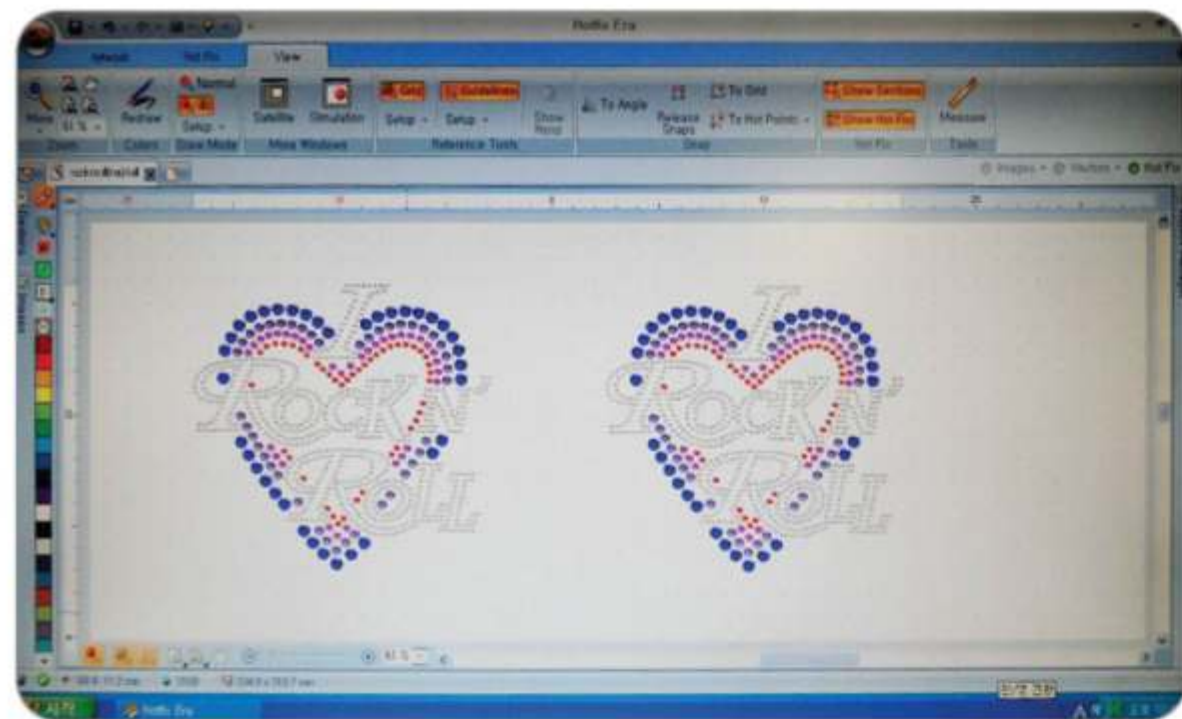

**NEVER STOP!**

**ENDLESS ENDEAVOUR FOR NEW IDEA!  
BETTER TECHNOLOGY FOR BETTER WORK!**

It works **250 pcs per Minute** in a straight line.  
Detachable hoppers contain a big quantity of materials and makes the easiest change of sizes & colors.  
Work sound is quiet in door closed.  
Simple structure makes a strong durability.

Automatic computerized system makes your created designs on transfer tape at a short time.  
Just spread transfer tape on work table and take out a finished design when it's finished with a buzzer and light.

**EXCELLENT HISTORIC DESIGN SOFTWARE**

CorelDraw, Illustrator, JPG can be made as VECTOR for easy hotfix designing.

**BIG DETACHABLE HOPPERS**

**ADVANCED AIR SUPPLYING & SENSING SYSTEM**

**Machine Features**

WORK SPEED	250 PCS / MIN.
WORKABLE SIZES / COLORS	2MM ~ 6MM (SS6~SS30) / 6 COLORS
WORKING AREA	400MM X 400MM (Actual design size)
MATERIAL QUALITY	LOWEST QUALITY ~ HIGHEST QUALITY
ERROR RATE	<b>NO ERROR almost (even with the poorest quality)</b>
WORKABLE MATERIALS	HOTFIX RHINESTONE, RHINESTUD, NAILHEAD
MATERIAL Q'TY	<b>BIG Q'TY (1~2 packs in one hopper)</b>
MATERIAL CHANGE	<b>EASIEST SYSTEM (detachable hoppers)</b>
X, Y-axis SYSTEM	BALL SCREW SYSTEM
INTERFACE	USB flash drive (USB memory)
DESIGN SOFTWARE	Long historic software (Sierra)
TECHNOLOGY	World's first system (Patented internationally)

**Specifications**

Power Consumption	600 watts
Power Source	AC220VOLTS, 1-PHASE, 50/60HZ
Machine Size (Net)	1000mm(W) x 910mm(L) x 1220mm(H)
Machine Size (after Packing)	1260mm(W) x 1160mm(L) x 1440mm (H)
Machine Weight (Net / Gross)	250 KGS / 350 KGS(in case of SEA freight)

*We'll always try our best to make the best quality and best support for best business.*
